

Because we care, we did all this together in 2021.

Our Legislative Wins!

Child Care & Early Learning

- **Increased access to child care for parents & ensured better wages and support for child care providers** by passing legislation that will streamline and reform Oregon's public child care system. (HB 3073)
- **Fought for \$75 million in new child care investments** to fund expansions for 4,000+ new preschool slots across the state and an increase to the Early Childhood Equity Fund to support the creation of new culturally responsive preschool options. (SB 5513 & SB 5529)
- **Ended the practice of expelling and suspending children in early learning programs** so that all children have a chance to learn and thrive. (HB 2166 & SB 236)

Mental Health

- **Secured a historic \$80M investment in mental health access for BIPOC families** by passing the Mental Health Workforce Diversity Act with our partners at PCUN and APANO. (HB 2949)

Keeping Families Together

- **Fought to ensure families can stay together** by helping to pass the Sanctuary Promise Act, which will protect Oregonians from racial profiling and strengthen Oregon's sanctuary status. (HB 3265)
- **Gave mothers and families a chance to end cycles of poverty, trauma, and intergenerational involvement in the criminal justice system** by ensuring that the Family Preservation Project at Coffee Creek Correctional Facility has sufficient and stable funding. (SB 720)

Paid Leave & Sick Time

- **Came one step closer to ensuring that all Oregonians can take unpaid, job protected leave** to take care of themselves and their families by expanding eligibility to the Oregon Family Leave Act (OFLA). (HB 2474)
- **Expanded access to paid sick time to more Oregonians** by closing a gap in the bill we worked to pass in 2015 that excluded construction workers. (SB 588)
